In view of the amendments to the claims the earlier objection is overcome.

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1—8, 11-17 are again rejected under 35 U.S.C. 103(a) as being unpatentable over 6,140,329 for the reasons given in Paper No. 5. Applicants argue that '329 fails to suggest the instant low oral dosage, since the examples are to 50 mg. This is not persuasive, In '329, column 3, line 51 discloses a dosage range that includes the instant dose and column 10, lines 1-3 recites that other doses [than 50 mg] may be prepared. Applicant also argues that the instant examples show a low incidence of side effects as compared to adverse events reported in the VIAGRA (sildenafil) insert. This is not persuasive, since the compound of '329 is the instant compound and is not sildenafil.

In the absence of a showing of unexpected results no unobviousness is seen in using 20 mg of the instant enantiomer over 50 mg of the compound of '329.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1614

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
